

## Core Capabilities Statement

### *Fenrir Technologies LLC*

**CAGE Code:** 0QMG4 | **UEI:** EZ1HSFX9D4G5

**Address:** 4815 Garden View Ln, Chantilly, VA 20151

**Contact:** Dimitri Chung, Owner

**Phone:** (540) 369-0260 | **Email:** [Dimitri.Chung@fenrirtechnologies.co](mailto:Dimitri.Chung@fenrirtechnologies.co)

## Core Capabilities

Fenrir Technologies LLC specializes in delivering innovative IT solutions, focusing on cloud computing, cybersecurity, and IT automation to federal agencies and private organizations. Our expertise ensures secure, scalable, and efficient IT environments compliant with federal standards, including DoD STIGs and NIST frameworks.

## Key Services

### 1. Cloud Computing Solutions

- a. Design, deployment, and management of **AWS** and **Azure** cloud environments.
- b. Serverless architecture leveraging AWS Lambda, EC2, S3, RDS, and Workspaces.
- c. Hybrid cloud integration for optimized scalability and operations.

### 2. Cybersecurity Services

- a. System hardening and compliance with DoD STIGs and NIST frameworks.
- b. Vulnerability remediation and secure system configurations for Linux and Windows environments.
- c. Implementation of LDAP, firewalls, and advanced security protocols.

### 3. Automation and Configuration Management

- a. Development of robust Ansible playbooks for infrastructure provisioning and compliance.
- b. Customized Python scripts for workflow automation and IT operations.
- c. Automation for RedHat OpenStack, VMware, and hybrid systems.

### 4. IT Infrastructure Management

- a. Comprehensive administration of Active Directory, VMware ESXi, and Citrix XenApp.
- b. Configuration of Cisco, Dell, and Juniper devices for secure networks.
- c. End-to-end IT troubleshooting and maintenance for minimal downtime.

## 5. Technical Consulting

- a. IT strategy development, integration, and migration planning.
- b. Help desk and Tier 2/3 support for enterprise IT systems.
- c. Expertise in IT modernization for government clients.

## Differentiators

- **Compliance Expertise:** Extensive experience in applying DoD STIGs, NIST 800-53, and CIS benchmarks.
- **Cloud & Automation:** Proven ability to streamline cloud operations and automate IT infrastructure using Ansible and Python.
- **Federal Contracting Experience:** Successfully delivered services for top government contractors like Deloitte, Accenture, and Parsons Corporation.
- **Agility:** Small business flexibility with enterprise-level capabilities, ensuring quick response times and tailored solutions.

## NAICS Codes

- **541512:** Computer Systems Design Services
- **541511:** Custom Computer Programming Services
- **541519:** Other Computer Related Services
- **518210:** Data Processing, Hosting, and Related Services

## Clients

- **Foxhound Partners:** AWS Cloud Development and Ansible Automation.
- **Deloitte:** Linux vulnerability remediation and secure LDAP integration.
- **Accenture:** Cloud resource management and Keycloak configuration.
- **Parsons Corporation:** OpenStack deployments and system hardening.
